INTRODUCTION

Hi and welcome to the documentation for the unofficial c-ops discord bot.

Note that this bot is under no way owned by Critical Force Ltd.

Thank you for (considering) adding the bot!

The bot has the prefix * as default which can be changed later.

If you have any issues, you can join our discord at: [Our server](#)

Or manually dm Senpai_Desi#4108

Some commands require args. These will be displayed as the following

[@user/userid] A user id or mention is required.

[arg] Some commands need an argument that is described at the command itself. Such as faq

[reason] A reason for an action.

[Duration] Duration of an action. Ex 3d = 3 days

[NOTE YOU NEED TO SETUP A MOD LOG CHANNEL OR NO LOGS WILL BE GIVEN]

Without further ado let's get you on your way to becoming a bot master!

coc = Code of Conduct.

Critical Ops player Database.

NOTE THAT THIS IS IN NO WAY DIRECTLY LINKED TO CRITICAL OPS.

NOTE 2! Do NOT delete the command message after or the file will not be found

register [image]

Submits an account image to the database, **Make sure to attach it as an embed and not as 2 separate messages!**

Aliases = Register, REG, reg

update [image]

Updates the image that is in the database. (For example you ranked up.)

Aliases = Update , upd, UPD

remove

Permanently removes your submitted data from the database with no way to recover.

Aliases = Remove, REMOVE, delete

find [@user / UserID]

Makes an attempt to find a user in the database. If found it will send that submitted image.

PRIVACY NOTE

The data you submit will be securely stored in MongoDB which is compliant with the GDPR law (general data protection rule)

Users are free to remove or change submitted data at any time. No one is able to directly access the information except the bot and the original Owner of that cluster.

WE will not store any data submitted outside of the database. When data is removed the data will be gone forever. No logs whatsoever are kept.

The data you submit is an image of the Critical Ops account. And is paired with your discord account ID to prevent duplicatie entries.

Any concerns? Contact us at out server and/or personal dm Senpai_Desi#4108

THAT IS ALL THERE IS TO IT!

Thanks for adding and or reading through this. We appreciate it!
